Easter

Copyright thecrafternursery.com For personal or school use only.

This week we made an Easter tree. If you go outside and collect some twigs and branches, you might be able to make one too.

This is our Easter tree. You can put the branches in a vase with water or a pot with sand or earth. Then you can decorate it, you can make your own 2D decorations using paper or card and decorate the eggs with colourful patterns. Zig zags, polka dots, stripes and spots. Then hang them on the tree using some ribbon or thread. For everyone to enjoy.
