

Cranmere Curriculum Statement

Highest Quality Learning for all

The curriculum incorporates the statutory requirements of the National Curriculum 2014 and is supported and enhanced by carefully chosen learning opportunities and curriculum visits, which best meet the learning and developmental needs of the pupils in our school.

Our curriculum intent is for pupils to have the requisite skills to be successful, independent and motivated learners in readiness for their next stage of education.

Implementation

- Creative approach to delivering the National Curriculum requirements
- Challenging and engaging curriculum for all groups of learners, drawing on our local environment and community when relevant.
- Through integration of our 6Rs and our Life skills curriculum, we teach the children to be the best they can be, setting high expectations and encouraging high aspirations.

Impact

Through listening to pupils and our parents, we regularly evaluate the impact of our curriculum provision on our pupils' learning. Class teachers and subject leaders monitor the progress to ensure that by Year 6, children leave Cranmere well prepared for the next step of their learning journey.
