Dear Parents/Carers,

In one of my Safeguarding updates I came across Digiduck Stories from Childnet. Talking to children about the potential harm from online access is difficult at the best of times but even more so with our younger children. There are five stories in the Digiduck series which were created to help parents and teachers educate children aged 3-7 about online safety. The collection includes ebooks. The topics are [Grooming](#), [Digital wellbeing](#), [Online bullying](#), [Gaming Reporting](#) and [Online reliability](#). It is certainly worth looking through this site as protecting all children from online harm is a priority for all ages. The link can be found here: <https://www.childnet.com/resources/digiduck-stories/>

I have had a number of staff report that some of our children are quoting some inappropriate language as a result of watching clips from Tik Tok. Like all social media there is positive and negative content to be viewed for children under the age of 13. I have attached the Tik Tok guide for Parents which is a useful and informative guide.

I wish all our families a sunny weekend.

Kind regards,
Mrs Daniels

The **Summer Reading Challenge** is the UK's biggest free reading for pleasure programme for children.

The Challenge encourages children aged **4 to 11** to keep reading during the summer holidays. At the heart of the Summer Reading Challenge is a child's ability to shape their reading journey.

This year's theme is "**The Gadgeteers**" and runs from 9th July into September. The challenge is for each child to read 6 books in that period and they will get various rewards after every 2 books read and a certificate at the end of the challenge once they have completed their 6 books. There is much more information at [Summer Reading Challenge](#) including suggested reading lists and other activities.
