**Published: Autumn 2019**  
**Review Date: Autumn 2020**  
**Committee Responsible: Learning & Achievement**

**Cranmere Primary School Vision Statement: Bringing the highest quality learning to life**

### **1. Introduction**

The Single Equality Scheme requires schools to consider the 'General' and 'Specific' duties in promoting equality across the full range of protected characteristics, namely:

- Sex;
- Race;
- Disability;
- Sexual Orientation;
- Religion or Belief;
- Gender Reassignment;
- Pregnancy or Maternity;
- Schools should consider age as a relevant characteristic in their role as employers, but not in relations to pupils.

### **The General Duty**

Public bodies have a 'General Duty' to:

- Eliminate conduct that is prohibited by the Equality Act (2010);
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it;
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it.

### **The Specific Duties**

- Publish information showing that they have complied with the General Duty;
- Publish evidence of the equality analysis undertaken;
- Set and publish Equality Objectives.

Cranmere Primary School and Nursery is a school with happy, healthy learners who are confident and caring, achieving in a safe and stimulating environment for work and play and a team of professionals, committed to excellence, developing responsible, independent and thoughtful young citizens.

At Cranmere Primary School we believe that people are individuals and therefore different. They have different needs and different contributions to make within the life of our School and of the community. Equal Opportunities is not about treating everybody the same. It is about meeting people's individual needs and appreciating their individual strengths and gifts. We are all different and should all be equally valued.

We are committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers receiving services from the school, irrespective of race, disability, gender, sexual orientation, age, religion, belief or socio-economic background. We aim to develop a culture of inclusion and diversity in which all those connected to the school feel proud of their identity and able to participate fully in school life. This policy sets out the school's approach to promoting equality, as defined in the Equality Act (2010).

This policy aims to promote community cohesion, avoid discrimination and promote equality for pupils, staff and others using our school's facilities. Taking a single equality policy approach recognises that people often share more than one aspect of their identity in relation to race, disability, gender, age, sexual orientation, religion and belief.

The achievement of pupils will be monitored and we will use this data to support pupils, raise standards and ensure inclusive teaching. We will tackle discrimination by the positive promotion of equality, challenging bullying and stereotypes and creating an environment, which champions respect for all. At Cranmere we believe that diversity is a strength which should be respected and celebrated by all those who learn, teach and visit here.

## **School Context**

Cranmere is situated in a suburban area. The majority of pupils are White British (75.8%) followed by White European (5.7%) with a below average proportion of pupils from other ethnic groups. The percentage of pupils speaking English as an additional language is below average (8.3%) and the proportion at an early stage is below average. The proportion of pupils with special educational needs and/or disabilities is within the average range for primary schools at 10%. The majority of needs are speech, language and communication difficulties, with some pupils with more complex needs. The percentage of pupils known to be eligible for free school meals is below average at 12.4%. The percentage of children with medical needs is 10.1% and the percentage of LAC children is 0.4%.

## **2. What do we mean by Equality and Diversity?**

**Equality** refers to outcomes, making sure that all social groups benefit equally from our activities. **Diversity** recognises that we can only achieve equality by taking into account the different needs of communities.

## **3. Equality – Aims**

Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

Cranmere Primary School aims to provide equality and excellence for all in order to promote the highest possible standards. We strive to be an inclusive school, providing equal opportunities for all pupils and staff. We value the diverse backgrounds of our pupils, staff and community and encourage all pupils and staff to reach their potential. We aim to help our pupils in the early stages of learning to become responsible members of the community

This policy is based on our core vision and values of inclusivity and equality of opportunity for all, within our community which includes everyone and celebrates their differences and achievements. We nurture a culture of respect for others, recognising and celebrating the differences between people within our diverse society. The school believes in the equal value of each of its pupils and employees and strives to ensure that all are treated with equal respect and opportunity in all levels of school activity and employment.

## **4. The School's Approach to Promoting Equality**

The Single Equality Scheme requires schools to consider the 'General' and 'Specific' duties in promoting equality across the full range of protected characteristics, namely:

- Sex;
- Race;
- Disability;
- Sexual Orientation;
- Religion or Belief;
- Gender Reassignment;
- Pregnancy or Maternity;
- Schools should consider age as a relevant characteristic in their role as employers, but not in relations to pupils.

The overall objective of our Equality Policy is to provide a framework for Cranmere Primary School to pursue its equality duties to eliminate unlawful discrimination and harassment, promote equality of opportunity, and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.

Through the Equality Policy, we seek to ensure that no pupils, staff, parents, guardians or carers or any other person through their contact with the school receives less favourable treatment on any grounds which cannot be shown to be justified. This covers race, ethnic or national origin, language, religion or belief, gender and gender reassignment, sexual orientation, marital or civil partnership status, disability, age, responsibility for children or other dependents, trade union or political activities, social class, where the person lives or spent convictions.

The principles of this policy apply to all members of the extended school community, pupils, staff, governors, parents and community members.

## 5. What is Discrimination?

Discrimination can be direct, indirect, intentional, unintentional or institutional. Discrimination is also unlawful. Individuals have a responsibility, in law, not to discriminate.

- **Direct discrimination** is where an individual or group receives less favourable treatment with some unjustifiable reason, because, for example, of sex, race religion sexual orientation or disability.
- **Indirect discrimination** is applying unjustifiable requirements and conditions that have a disproportionate impact on an individual or particular group.
- **Institutional discrimination** is the collective failure of an organisation to provide an appropriate and professional service to people because of their background or experience. It can be seen in our attitudes, behaviours and procedures that amount to discrimination through unwitting prejudice, ignorance, thoughtlessness and stereotyping which disadvantage people.

## 6. A Cohesive Community

We have a responsibility to promote community cohesion, developing good relations across different cultures, ethnic, religious and non-religious and socioeconomic groups. We have incorporated our priorities into our Equality Scheme and Action Plan to make it easier to monitor our progress and performance in meeting our objectives.

Our contribution to community cohesion includes:

- **Teaching, learning and curriculum** – to teach pupils to understand others, to promote common values and to value diversity, to promote awareness of human rights and of the responsibility to uphold and defend them, and to develop the skills of participation and responsible action.
- **Equality and excellence** – to ensure equal opportunities for all to succeed at the highest level possible, removing barriers to access and participation in learning and wider activities and eliminating variations in outcomes for different groups.
- **Engagement and ethos** – to provide a means for children, young people and their families to interact with people from different backgrounds and build positive relations, including links with different schools and communities locally (including communities of interest, i.e. environmental groups, faith groups, ethnic or language groups), across the country and internationally.

In order to achieve a cohesive community, Cranmere Primary School:

- promotes understanding and engagement between communities
- encourages all children and families to feel part of the wider community
- understands and responds to the needs and hopes of all our communities
- tackles discrimination
- increases life opportunities for all
- ensures teaching and the curriculum explores and addresses issues of diversity

## 7. Meeting our Duties

Under the statutory duties all schools have responsibilities to promote race, disability and gender equality.

### (i) Race Equality

Cranmere Primary School actively promotes good understanding of cultures and beliefs other than those the children experience in their own homes and will not tolerate any behaviour, speech, or curriculum content that is in any way racist or presents a racist attitude. The school understands racism as any kind of race hatred, rivalry or feeling that suggests an inherent superiority of one racial group over another; or any discriminatory treatment based on such a belief.

The general duty to promote race equality means that we must have due regard to:

- Eliminate unlawful racial discrimination
- Promote equality of opportunity
- Promote good relations between people of different racial groups.

## Scope of the Policy

Cranmere aims to promote race equality and good race relations across all areas of school activity.

- **Curriculum**  
The curriculum will reflect the cultural diversity of the United Kingdom and include direct teaching of a wide range of cultural practices and beliefs.
- **Teaching and learning**  
The cultural and language learning needs of all children will be addressed within the classroom so that every child has equal opportunity to access the National Curriculum and attain their full potential.
- **Progress, attainment and assessment**  
All children will be assessed against National Curriculum standards and their attainment analysed to ensure no cultural bias is evident in outcomes. The Special Educational Needs Policy addresses the issue of pupils with English as an additional language, and makes clear the provision that is made at Cranmere.
- **Admissions**  
No child will be refused admission to Cranmere on the grounds of race or culture.
- **Staffing/ Governing Body**  
No person will be refused interview, employment or position on the governing body on the grounds of race or culture. All members of staff will have equality of opportunity for professional development.
- **Partnerships with parents and communities**  
The school actively encourages visits from different cultural groups to teach the pupils about, and encourage their respect for, cultures different to their own. Parents from various cultural and religious backgrounds are invited in to school as speakers or to demonstrate and celebrate different cultural practices.

## Responsibilities

- **The Governing Body** will ensure that the school complies with race relations legislation and that its related procedures and strategies are implemented.
- **The Headteacher** will implement the policy and its related procedures and strategies, ensuring that all staff are aware of their responsibilities and are given appropriate training and support, and he/she will take appropriate action in any case of racial discrimination.
- **All staff** will deal with any racist incidents that occur. They will know how to identify and challenge any racial bias or stereotyping and will promote racial equality, good race relations and keep up to date with race equality legislation and research through training and development.

## Dealing with racist incidents

Racist incidents are reported in accordance with the Surrey County Council guidelines. Staff will report the incident to a member of SLT and record the incident, action taken and final outcome using SCCs Prejudice-Related Incidents Monitoring Form. Statistical information is reported as required to the Governing body and Surrey County Council.

### (ii) Disability Equality

The Disability Discrimination Act 1995 states that a person has a disability if they have a physical or mental impairment which has a substantial and long term adverse effect on their ability to carry out normal day to day activities. Our aim is to provide responsive and accessible services for all pupils, staff, parents or carers with disabilities, promoting equality and challenging discrimination. We promote disability equality in terms of recruitment, facilities, accessibility, attitudes, behaviours, access to learning and social life.

The general duty to promote disability equality is owed to all disabled people which means that we must have due regard to:

- Promote equality of opportunity between disabled people and other people
- Eliminate unlawful discrimination
- Eliminate disability related harassment
- Promote positive attitudes towards disabled people
- Encourage participation by disabled people in public life
- Take steps to take account of disabled peoples' disabilities

## Scope of the Policy

We strive to champion equality for people with disabilities and aim to lead in the following ways:

- Providing responsive and accessible services for all employees and learners
- Promoting equality of opportunity between disabled people and other people
- Promoting inclusion for disabled people through all School policies
- Placing pupils with significant learning difficulties in small groups
- Providing pupils with significant learning difficulties with specialised staff and learning programmes
- Providing pupils with significant learning difficulties with specialised resources
- Adapting and improving the physical environment to facilitate access
- Taking account of people's disabilities
- Challenging and eliminating all forms of discrimination and disability related harassment
- Encouraging participation by people with disabilities in school life, events and trips.
- Promoting positive attitudes towards people with disabilities

## Responsibilities

- **The Governing Body** will ensure that the school complies with disability equality legislation and that its related procedures and strategies are implemented.
- **The Headteacher** will implement the policy and its related procedures and strategies, ensuring that all staff are aware of their responsibilities and are given appropriate training and support, and he/she will take appropriate action in any case of disability discrimination.
- **All staff** will be proactive in promoting equality regardless of ability or disability and will deal with any incidents that occur. They will keep up to date with equality legislation and research through training and development.

## Accessibility

There is specific disability legislation in relation to disabled pupils and accessibility which means we must plan strategically over time to:

- ensure access to the curriculum
- Make improvements to the physical environment of the school to ensure access;
- Make written information accessible to pupils in a range of different ways

The School will gather and report on a range of information relating to staff and learners with disabilities and use it to inform the school's Accessibility Plan. The information will be evaluated by Learning and Achievement Committee. The report will include an analysis by specific disability, where necessary, to determine whether the needs of the learner have been met.

We must ensure that disabled pupils do not receive less favourable treatment and to do this the school has a duty to make reasonable adjustments.

### (iii) Gender Equality

At Cranmere Primary School we take positive steps to address gender inequality but we understand that barriers exist that may prevent pupils and staff from achieving and making the most of the opportunities we make available. To promote gender equality it is vital that the differences between boys' and girls', male and female experiences, attitudes and achievements in schools are understood so that our policies and practices can begin to break down these barriers.

The general duty to promote gender equality means that we must have due regard to:

- Eliminate unlawful discrimination and harassment
- Promote equality of opportunity between men and women, girls and boys

## Scope of the Policy

Cranmere aims to promote gender equality across all areas of school activity in the following ways:

- Promote equality of opportunity between men and women, boys and girls to achieve to the best of their ability
- Provide equal opportunity for boys and girls to participate in all curricular and extra-curricular activities, regardless of their gender
- Demonstrate how we value diversity through consistent avoidance of stereo-typing in all areas of school life.

- Provide equality of opportunity for training and development of staff, regardless of gender
- Eliminate unlawful discrimination and harassment
- Result in improved outcomes for girls, boys, male and female staff and parents/carers in all aspects of school life, in the wider community and in employment.

### Responsibilities

- **The Governing Body** will ensure that the school complies with gender equality legislation and that its related procedures and strategies are implemented.
- **The Headteacher** will implement the policy and its related procedures and strategies, ensuring that all staff are aware of their responsibilities and are given appropriate training and support, and he/she will take appropriate action in any case of gender discrimination.
- **All staff** will be proactive in promoting equality regardless of gender and will deal with any incidents that occur. They will keep up to date with equality legislation and research through training and development.

### Transgender

Transgendered people are explicitly covered by the gender equality duty. The term transgendered refers to a range of people who do not feel comfortable with their birth gender. The school will respect the confidentiality of those seeking gender reassignment and will provide a supportive environment within its school community.

#### (iv) Age, Sexual Orientation, Religion and Belief

We must ensure that we do not discriminate on these grounds. This policy includes our priorities and actions to eliminate discrimination and harassment for these equality areas.

### Scope of the Policy

Cranmere is committed to equality of opportunity for all and across all aspects of school life, promoting equality in the following ways:

- Promoting an understanding and interest in different environments, faiths, societies, systems and cultures across the world

**9. Monitoring, Reviewing and Assessing impact**

The policy will be reviewed regularly by staff and governors in line with the school development plan cycle. This is to ensure that it is effective in eliminating discrimination, promoting access and participation, equality and good relations between different groups, and that it does not disadvantage particular sections of the community.

The policy will be monitored and reviewed alongside all other school policies, within the cycle allowed within the School Development Plan. The Headteacher will provide monitoring reports for review by the Governing Body. These will refer to the school population, homophobic and racist incidents.

All stakeholders' views on the school community, its attitudes and practices shall be surveyed. Any necessary actions will then be agreed, timetabled and implemented. All other policies shall be amended and updated in line with the agreed schedule, to reflect the information contained in the Equality Policy.

We recognise that all school policies need to take the equality policy into account.
